

Declaration on UKCA - Conformity

We hereby confirm,

ESKA Erich Schweizer GmbH
Elektrotechnische Fabrik
Antonius-Raab-Strasse 10
D-34123 Kassel

That we will take care into consideration the new British product marking of products delivered by us in terms of the Regulation

UK Conformity Assessed

The UK Conformity Assessed is the new British product marking required for products placed on the market in the UK (England, Wales and Scotland). It affects most products that previously required the CE mark.

The necessary steps we need to take to prepare the UK Conformity Assessed marking, will depend on the current status of our business and our future market access requirements. If our products require the services of a Notified Body for third party conformity assessment, we will engage companies that are able to offer UK Conformity Assessed marking. We will only engage companies that are approved for UKCA labeling (UK Approved Body).

We will take into consideration the current deadline for implementation until 31/12/2022.

Kassel, September 2021
